

Dear guest,

welcome to the Black Spa, our wellness area of more than 1500 m<sup>2</sup>, which allows you to harmonize body, soul and to draw new strength. A place where you can enjoy a time out from your everyday life and find time for yourself.

Purist design and clear forms. Anyone entering the Black Spa finds themselves in a completely different world. Light wood, frosted glass and light-flooded rooms exude tranquillity and ensure relaxation. The three-story spa is accentuated by black stone slabs, which are used throughout all areas and give it its name.

We wish you a pleasant time with us
